XEROX ALTALINK C8100 WINNER: OVERALL

Xerox's AltaLink C8100 color multifunction printers stand out with a tablet-like, intuitive user interface to speed up repetitive tasks, a native mobility feature for printing to any device and built-in security through Xerox's ConnectKey Technology. Recent additions to the Xerox App Gallery for AltaLink printers include Touchless Access, which enables smartphone access to office devices through QR codes—avoiding local network connection—and new connections with Microsoft 365 and Google Drive. The AltaLink C8100 series devices bring a duty cycle of up to 300,000 images per month with print speeds of up to 70 pages per minute, and offer options including Xerox's integrated RFID card reader
